

Perengistan, 2003

Elite graded stallion Perengistan is a masterpiece from Stavropol. Perhaps the finest son of the late leading sire Karar, and of Pudokhan, one of Stavropol's best all-time broodmares. Perengistan had a very successful race career in Russia before beginning his new life with Medeus. He is a horse of great kindness and intelligence with magnificent expressive movements which he transmits to his offspring.

FROZEN SEMEN IS AVAILABLE
